

DISCLOSURE AND CONSENT FORM FOR STUDENT BACKGROUND CHECK

Certain participating clinical sites hosting McDowell Technical Community College (MTCC) students in clinical rotation require a background check (i.e. Consumer Report) for all students participating in the clinical rotation program. A designated representative of each clinical site for which you are scheduled for rotation will review the results of your report to determine your eligibility to participate in clinical rotation activities on that site. No Consumer Report will be used in violation of any State or Federal law. Should any clinical site deny you eligibility to participate in clinical rotation on that site based on information contained in your report, you will be provided a copy of your report at no additional charge, and the name and contact information for the Consumer Reporting Agency (CRA) that provided the report. This agency will assist you in resolving any information on the report that you feel is in error. The personal information provided by you will be used solely for the purpose of obtaining your student background check. This information and the results of your background check will be kept confidential and secure at all times and will be made available only to the designated representative for each clinical site that requires a student background check.

I hereby authorize that a Consumer Report consisting of a criminal record check, sex offender search, and validation of current and previous name and address information relating to me to be obtained from INTELLENET, INC., and that this report be made available for review by the designated representative of any clinical site on which I will be performing clinical rotation as a student that requires a student background check.
