

# Statement of Financial Aid Warning

Students must maintain Satisfactory Academic Progress (SAP) to receive federal/state financial aid. This progress is measured qualitatively and quantitatively with an overall grade point of 2.0 and completion rate of all classes attempted of 67%. The academic records of students are evaluated at the end of each semester, including Summer. If the student falls below either standard at the end of a specific semester, he/she may be placed in the financial aid warning status.

By reading and signing this statement, the student acknowledges that he/she has fallen below the acceptable standards required for financial aid eligibility. The student is also requesting to be placed in the financial aid warning status which entitles him/her to financial aid for the specified semester. To be placed in the warning status, the student agrees to the following conditions:

- To complete all classes that he/she has registered for in the upcoming semester with a grade of "C" or better
- Understanding that if the student does not meet both of the previous requirements, he/she will not be eligible for financial aid
- Understanding that this warning is for one semester only and the student's academic status will be reevaluated at the end of the warning semester

If the student is successful during the warning semester and brings their completion rate and grade point average up to acceptable standards, the student will no longer be required to be in warning status. If the student is successful during the warning semester but still falls below the acceptable standards, he/she will meet with the Financial Aid Director to determine what is required for continued financial aid eligibility. If the student does not complete all classes attempted with a grade of "C" or better, the student's financial aid eligibility will be suspended. The student would then be required to complete the financial aid appeal process if he/she wishes to be considered for financial aid funds in the future.

I, \_\_\_\_\_, understand that I have fallen below the acceptable standards required to receive financial aid. I further understand that I must complete all classes attempted during \_\_\_\_\_ Semester with a grade of "C" or better in order to receive financial aid for this semester. Lastly, I understand that this warning status is valid for one semester only and if I do not meet the requirements of this agreement, my financial aid will be suspended. I also agree to provide a statement on the back of this form outlining my plan for a successful semester. I, \_\_\_\_\_, request to be placed on financial aid warning status for \_\_\_\_\_ Semester.
